

Adaptive Optics for Extremely Large Telescopes 8th Edition

Conference Dates: 27-31 October, 2025
Sheraton Miramar Hotel
Viña del Mar, Chile

PARTNERSHIP & EXHIBITION PROSPECTUS

On behalf of our Science and Local Organizing Committees, we are pleased to announce that the 8th Adaptive Optics for Extremely Large Telescopes will take place in Viña del Mar, Chile, from October 27 to 31, 2025, at the Sheraton Miramar Hotel.

Building on the success of past editions, the AO4ELT8 conference will provide an exciting forum for listening to leading experts sharing their recent findings in the field. This year, we expect more than 400 attendees from all over the world and this creates a unique venue to access a targeted audience of highly interested engineers, scientists, project managers, and industry experts.

We are planning to associate a limited number of sponsors to the Conference, and we are writing to offer your company to be one of them. Participation as a conference sponsor will benefit your company in many ways. For example, exposure to the industry through the promotional efforts of the conference organizers and gaining valuable insight into the future requirements of the key decision makers in the field of adaptive optics for astrophysical instrumentation.

Please find on the following pages various partnership packages with detailed information. You can mix and match the different options to participate in the event in multiple ways.

Thank you for considering this offer and do not hesitate to contact us if you would like to share your ideas and discuss other partnership scenarios. We are flexible and willing to work with you to design a partnership package that will fulfill your needs.

Sincerely,

Pascale Hibon, Esteban Vera, Gaetano Sivo
AO4ELT8 Chairs
